

Setting up a new milestone for brighter future generations

## Scholarship Award Ceremony - 2013

Supported by eni Pakistan Ltd.

**Gothseengar Foundation (GSF)**

# Context Background

Mr. Sajid Channa (eni) addressing with the audience at scholarship award ceremony

Goth Seengar Foundation (GSF) with the financial support of eni Pakistan Limited organized scholarship award ceremony at Government College of Technology Khairpur Sindh. 17 intelligent most deserving students from three union councils i.e. Chundiko, Sikanderabad, and Kotjubo, Taluka Nara District Khairpur received these awards for the period of one year of 2013. Out of these 17 scholarship awards, 2 awards were

specifically categorized for Higher Education (HE) and 15 for Diploma Associate Engineer (DAE). Mr. Munwar Mithani was the Chief Guest of the event, he distributed the Cheques to all students. The each scholarship award was given for the period of one year 2013 amounting to Rs.100,800/= (one hundred thousand eight hundred rupees) for Diploma of Associate Engineer (DAE) and 135,000/= (one hundred thirty five thousands rupees) for Higher Education.

Mr. Nazir Ahmed Ujjan (GSF) addressing with the audience at Scholarship ceremony

# The Milestone Initiative

Goth Seengar Foundation (GSF) initiated students' scholarship awards program 2013 with the financial support from eni-Pakistan, for the competent students having poor backgrounds from union councils Chundiko, Sikanderabad, Kotjubo of Taluka Nara District Khairpur Sindh Pakistan. It was firmly believed that addressing basic financial needs of competent poor students leads to lifelong learning process and this can contribute significantly for the sustainable human development. It empowers individuals, groups and nations to participate effectively and positively in the development of the society and the economy of the country as well.

The progress of an area largely depends on the number and quality of its skilled population. District Khairpur like other districts is in dire need to educate and train its human capital on urgent basis. This is the only mean to develop and expand the potential capacity of its economy and overall development. It was strongly felt that the needs and consequent learning process for students are different from those who with complete financial assistance. For grown up students, a different teaching learning approach and technical skills and knowledge acquiring process is an important element.

Goth Seengar Foundation (GSF) with the financial assistance of eni Pakistan limited is eager to improve the educational plans in targeted schools where the students were involved with range of multiple teaching and pedagogic approaches. It was felt that the plight of these students is pitiable. Therefore, they must be financially supported to meet the further market based skills and knowledge. Failing to this could create hurdles for measuring learning outcomes and poor potential students can face further financial crisis. Thus the parents can be in severe disappointment and can have negative impact in overall societal displays. Keeping all these circumstances in mind the scholarship award 2013 was proceeded to directly benefit the students and communities in three union councils.

Mr. Munawar Ali Mithiani (DC) Khairpur, expressing his views at Scholarship award Ceremony

Senior Educationalist expressing his views at the scholarship award ceremony
